A SPECIAL THANK YOU from the WNIT Management Team

As the calendar turns to November and Thanksgiving approaches, there is perhaps no better time for those of us at WNIT to say, "Thank You!"

Thank you to all those individuals and institutions that make public television possible in Michiana. Thank you to our members, our viewers, our donors and our hosts. Thank you to our business partners, our underwriters, our programming partners and the communities we have the privilege of covering. Thank you to our public officials for their support of public broadcasting, our teachers and parents for recognizing the educational value of PBS programming and to our tremendous staff for their commitment to bringing the highest quality in public television programming to you each and every day.

Our staff has accomplished a lot in the past year, with the launch of our new daily show *Experience Michiana*, which is dedicated to bringing you the good news on arts, culture, lifestyle and what is happening in and around the Michiana region five nights a week. We have launched this exciting new show, while maintaining a focus on our other popular and important local programs: *Ask an Expert*, *Dinner & A Book*, *Economic Outlook*, *Outdoor Elements* and *Politically Speaking*.

We have featured great community stories such as The Power of 100, the story of the 100 Black Men of South Bend chapter which has recently been nominated for a Regional Emmy® Award; *From Righteous to Willing*, the story of positive relationships forged between the Jewish and Muslim communities in our region; The Governor's Arts Awards, which for the first time in its 30 year history was presented on television and aired state-wide; and *Kurt Simon: A Life of Service*, the story of a man who generously helped build many institutions in our area through his generosity and his commitment to community.

We have focused on stories of community, stories of pride and stories of hope, but we could have done none of this without your support. We like to think of ourselves as "Michiana's Storyteller." We have the joy of telling these great stories, positive stories, heartwarming stories and, yes, fun and even funny stories.

WNIT is not just a local programmer, however; we are PBS for Michiana. We consider it a privilege to bring you the best in PBS programming combined with this high quality local programming. PBS means arts, culture and quality entertainment, but it also means education. PBS is known for the highest quality of educational programming on the air. Programs that are age-appropriate, educationally-based and combined with PBS LearningMedia, the PBS online resource for teachers, provide a strong curriculum-based learning resource in multiple subjects that is tested, proven and works to educate our children.

For all that WNIT is, all that we are able to do, the stories we are able to share, the lives we are able to touch and the positive impact that PBS has on our community, for all this that can only be accomplished with your local support, we are pleased to take the opportunity as this special time of year to offer a very heartfelt "Thank You" to all of you who make it possible.

David meets — and competes — with a menagerie of smart critters that challenge preconceived notions about what makes "us" different from "them," expanding our understanding of how animals really think.

Nature: An Original Duckumentary

NOVA: Ancient Computer

AMERICAN MASTERS: WOODY GUTHRIE: AIN'T GOT NO HOME TUESDAY, NOVEMBER 13, 8PM

Essentially every American who has listened to the radio or gone to summer camp knows Woody Guthrie's "This Land Is Your Land." The music of the nation's signature folk singer/songwriter has been recorded by everyone from the Mormon Tabernacle Choir to U2. Originally blowing out of the Dust Bowl in 1930s Depression-era America, he blended vernacular, rural music and populism to give voice to millions of downtrodden citizens. Guthrie's prolific music, poetry and prose were politically leftist, uniquely patriotic and always inspirational. He joined music with traditional oral history and was central to the folk music revival. His is a complex story filled with frenetic creative energy and a treasure trove of cultural history — as well as personal imperfections and profound family tragedy.

NATURE WEDNESDAYS, 8PM

"AN ORIGINAL DUCKUMENTARY" – NOVEMBER 14

Ducks fly through the air on short stubby wings — traveling in large, energy-efficient formations over thousands of miles. There are some 150 species of them, representing a wide variety

of shapes, sizes and behaviors. Some are noisy and gregarious, others shy and elusive. They are familiar animals we think we know. But most of us don't really know these phenomenal, sophisticated creatures at all. This program follows a wood duck family as a male and female create a bond, migrate together across thousands of miles, nurture and protect a brood of chicks, then come full circle as they head to their wintering grounds.

"MY LIFE AS A TURKEY" – NOVEMBER 21

Based on the true story of writer and naturalist Joe Hutto, portrayed by wildlife photographer Jeff Palmer, this film chronicles Hutto's remarkable experience of imprinting wild turkey eggs and raising the hatchlings to adulthood. Deep in the wilds of Florida, Hutto spent each day out and about as a "wild turkey" with his family of chicks — until the day came when he had to let his children grow up and go off on their own. As it turned out, this was harder than he ever imagined. Hutto's story also became a book, *Illumination in the Flatlands*.

Underwritten by Martin's Super Markets.

THE DUST BOWL SUNDAY-MONDAY, NOVEMBER 18-19, 8PM AND 10PM

Survey the causes of the worst man-made ecological disaster in American history, when the frenzied wheat boom of the "Great Plow-Up," followed by a decade-long drought during the 1930s, nearly swept away the breadbasket of the nation. See vivid interviews with 26 survivors of those hard times, combined with dramatic photographs and seldom-seen movie footage, that bring to life stories of incredible human suffering and equally incredible perseverance. The documentary is also a morality tale about our relationship to the land that sustains us — a lesson we ignore at our peril.

NOVA WEDNESDAYS, 9PM

"ANCIENT COMPUTER" – NOVEMBER 21

An unpromising lump of metal found in a 2,000-year-old shipwreck turns out to be an extraordinary treasure: the world's first computer. NOVA follows the ingenious detective work that painstakingly discovered the truth about the ancient Greek device: it was an astonishingly sophisticated astronomical calculator and eclipse predictor, unrivaled until the era of modern science and believed to be from the workshop of Archimedes.

It is also a New York immigrant’s tale. John Lennon moved to New York City in 1971 seeking what every other immigrant has sought: freedom — the freedom to be himself and not “Beatle John,” the freedom to live a normal life.

He visits Belfast, the city where Titanic was built, and journeys to other towns left scarred by the tragedy.

NATURE

WEDNESDAYS, 8PM 

“REVEALING THE LEOPARD” – DECEMBER 12

Leopards are the ultimate cat. They are the most feline, the most intelligent, the most dangerous and, until recently, one of the least understood. A leopard is a cat that walks by itself, unseen and secretive. Leopards are the beautiful killers that live in the shadows. This film accumulates the evidence and puts together a psychological profile of this extraordinarily cunning cat.

“WILD BALKANS” – DECEMBER 26

Thick forests, vast wetlands, deep chasms — this is a wild, inaccessible place that belongs more to myth than reality. The landscape looks as if it was taken straight from Tolkien’s Lord of the Rings. Through the centuries, this land has burned its way into the soul and spirit of its people. The jagged contours have thrown long, dark shadows over the history of the peninsula, always in the middle, between forces of the East and the West.

Underwritten by Martin’s Super Markets.

NOVA

WEDNESDAYS, 9PM

“SECRETS OF STONEHENGE” – DECEMBER 12

Join a new generation of researchers finding important clues to the enduring mystery of Stonehenge, perhaps the best-known and most mysterious relic of prehistory. How did prehistoric people quarry, transport, sculpt and erect these giant stones?

“BUILDING THE GREAT CATHEDRALS” – DECEMBER 26

Carved from a hundred million pounds of stone, soaring effortlessly atop a spider web of masonry, Gothic cathedrals are marvels of human achievement and artistry. But how did medieval builders reach such spectacular heights? Consuming the labor of entire towns, sometimes taking a hundred years to build, these architectural marvels were crafted from just hand tools and stone. NOVA’s teams reveal the architectural secrets that the cathedral builders used to erect their soaring, glass-filled walls.

SECRETS OF THE DEAD

“CHINA’S TERRACOTTA WARRIORS”

WEDNESDAY, DECEMBER 12, 10PM

The extraordinary story of China’s 8,000 terracotta warriors begins two centuries before the birth of Christ. The First Emperor of China was preparing an extravagant tomb for his journey into the afterlife — and decreed that he be protected forever by a monumental army. But how was a terracotta army of this size made in less than two years using the technology of 2,200 years ago? The tantalizing possibility is that the warriors are the actual representations of the warriors who served the emperor in life and then became part of his Spirit Army.

“100 Black Men” Nominated for an Emmy!

The Power of 100: The Story of the 100 Black Men Organization in South Bend has been nominated for a Chicago Midwest Chapter Emmy® Award in the category “Outstanding Achievement for Documentary Programs / Topical.” The Emmy winner will be announced in Chicago on November 18.

In 2012 PBS won 33 Emmy Awards—more than any other broadcast or cable outlet.

Students from Wee Friends pre-school program and their instructor learn how to share and use resources to maximize their needs as part of the PNC program For Me, For You, For Later.

PNC Bank *For Me, For You, For Later: First Steps to Spending, Sharing and Saving*

For Me, For You, For Later: First Steps to Spending, Sharing and Saving, a project developed by the Sesame Workshop and funded by PNC Bank and PNC’s Grow Up Great, helps young children prepare for success in school and life. The program has partnered with WNIT to produce a series of 10, one-minute interstitials to help area children learn the fundamental skills of earning, spending, saving, sharing and growing money. Footage for the interstitials was videotaped at Wee Friends and El Campito pre-schools.

Big Questions

Big Questions explores the ethical issues surrounding poverty around the world today, combining on-the-ground documentary footage ranging from the southwest coast of Michigan to Tanzania with in-studio debates and discussions between academics in the trenches and the audience, both in-studio and at home.

The hosts for the program include Kim Clark as Ringleader/ Advocate for the Audience, Pat Werhane playing the Academic Heavyweight/Voice of Reason and Laura Hartman as Opinionated Debater/Idea Challenger.

Resounding Earth

More than five hundred pieces of metal are incorporated into the instrumentation of *Resounding Earth*. WNIT, in partnership with Notre Dame’s DeBartolo Performing Arts Center, is producing a performance documentary based on Augusta Read Thomas’ brilliant composition *Resounding Earth*, a 28-minute work for a percussion quartet featuring more than 125 bells from a wide variety of cultures and historical periods. A Notre Dame philosophy professor will provide insight into the use of bells and percussion instruments throughout the world’s religions.

Volunteers plant the Quilt Garden at the Farmstead Inn in Shipshewana, one of 19 on the 2012 Quilt Gardens along the Heritage Trail. The project is sponsored by the Elkhart County CVB in partnership with seven host communities.

Quilt Garden Tour

With over 100,000 glorious blooms, 19 gigantic gardens and 18 super-sized murals, The Quilt Gardens along Heritage Trail combines quilting, gardening and art into a one-of-a-kind event. WNIT is proud to produce this colorful patchwork of quilt-inspired gardens and quilt-themed murals linked by the roads that form the Heritage Trail throughout Elkhart County.

MEMBERSHIP CORNER

2012 Winter Membership Campaign

WNIT's Winter Membership Campaign begins Friday, November 23 and runs through Wednesday, December 5. We do understand and appreciate the disappointment when your favorite programs are interrupted for a membership campaign. While we make every effort to keep the interruption of regular programming to a minimum, it is an undeniable fact that a majority of new members, and a substantial portion of our annual revenue, are derived from membership campaigns. WNIT remains committed to bringing you the best programming that television has to offer – whether it's regular or pledge programming.

So bundle up and get ready to warm your spirit with an entertaining and educational line up for the entire family. And be sure to tell your family and friends why you think supporting WNIT is important. It's Viewers Like You who make the transition to a contributing member of WNIT who make a difference to everyone in our community.

Thank you for making that transition and supporting WNIT!

Thank You Gifts

If you request a thank-you gift with your membership contribution, you can expect it to arrive four to six weeks after we process your payment. If you have a question or inquiry about your thank you gift, please send an email to cmccraner@wnit.org or jschloss@wnit.org with Thank You Gift in the subject line, or call 574-675-9648.
