A MESSAGE FROM GREG GICZI President and GM, WNIT Public Television

Happy upcoming holidays, everyone!

This edition of the *Planner* comes at the start of all our winter holidays. I want to be among the first to wish you a very happy holiday season!

As the days grow shorter, viewers tend to watch more television. WNIT will be filling our two screens – remember we broadcast with two channels, 34.1 and 34.2 – with fresh programming and several holiday specials.

Around Thanksgiving, WNIT will feature the Notre Dame Glee Club's Centennial Anniversary concert and the Indiana State Marching Band Competition. In December, we will also have holiday presentations from Goshen College, Purdue University, and tentatively, the University of Notre Dame.

Did you know that most young children can identify about 100 corporate logos, but less than 10 plants in their backyard? WNIT and PBS hopes to improve that with our new *Nature Cat* early childhood educational program. It starts November 25.

The countdown is on to the January premiere of the sixth and final season of *Downton Abbey*. WNIT is repeating all five seasons so you can refresh yourselves on the plot lines and characters. We will also be hosting "preview events" in several communities around Michiana. Watch for one near you.

From time-to-time WNIT makes adjustments to its program schedules or has special events. The fastest way to let you know of changes is by email. Please share your email address with us at cmccraner@wnit.org and we will add you to our distribution list. We promise not to share your email address with anyone, nor overload you with our messages. It's a good way to easily stay in touch and not miss anything from WNIT. Plus, as a WNIT supporter, you will receive advance notice of special screenings and opportunities for complimentary tickets to various concerts and events.

I know that these last two months of the year, especially December, is a traditional time for charitable giving. As you consider an extra gift or two to the non-profit organizations most meaningful to you, please reflect on the impact of WNIT public television service on our communities. Thousands of young children receive quality, commercial-free educational programming every morning and afternoon. Adults of all ages have programs that teach, stimulate the mind, and encourage civic engagement. Your additional contribution during this holiday season helps all of us "Be More."

Enjoy this season of great programming from WNIT. I count my blessings that we have such a great group of supporters in *Viewers Like You!*

Best wishes,

Greg Giczi
President & General Manager

ON THE COVER

EARTH'S NATURAL WONDERS

Earth's Natural Wonders will reveal a handful of places that can lay claim to being the greatest landscapes on our planet. Viewers will be taken on a landmark tour of Earth, discovering connections between some incredible places and the life and death struggles of the animals and humans that inhabit them. Everest, the Grand Canyon, Victoria Falls — they seem to have little in common other than taking your breath away. But they share one other thing — all were created by our planet's most dynamic forces. These remarkable wonders were sculpted, etched or molded by unimaginably powerful energies, unleashed by the Earth. This series is the definitive story of some of the most amazing places on our planet.

WNIT is proud to present PBS' newest series, *Earth's Natural Wonders* every Wednesday, November 4-25 at 8pm on WNIT's Channel 34.1.

2015 Winter Membership Campaign

The Winter Membership Campaign begins Friday, November 27 and runs through Wednesday, December 10. We understand the disappointment when your favorite programs are interrupted for a membership campaign. While we make every effort to keep interruption to regular programming to a minimum, it is an undeniable fact that a majority of new members, and a substantial portion of our annual revenue, come from membership campaigns. WNIT remains committed to bringing

you the best programming that television has to offer – whether it's regular or pledge programming. Get ready to warm your spirit with an entertaining and inspiring line up for the entire family, *as well as several new ticket packages for upcoming concerts*. And be sure to tell your family and friends why you think supporting WNIT is important. It's *Viewers Like You* who make that transition and become a contributor who make a difference to everyone in our community.

Thank you for making that transition and supporting WNIT!

End of year tax planning

As the year comes to a close, please consider making an additional investment in the future of WNIT – an investment in a remarkable brand of television that is here for everyone to enjoy. NEW SERIES COMING TO PBS KIDS

NATURE CAT follows Fred, a house cat who dreams of exploring the great outdoors. In each episode, once his family leaves for the day, Fred transforms into Nature Cat, "backyard explorer extraordinaire." Nature Cat can't wait to get outside for a day of backyard nature excursions and bravery, but there's one problem:

He's still a house cat with no instincts for nature. Like many of today's kids, Nature Cat is eager and enthusiastic about outside activities, but is at times intimidated by them. With the help of his animal friends, Nature Cat embarks on action-packed adventures that include exciting missions full of nature investigation, "aha" discovery moments and humor, all while inspiring children to go outside and "play the show."

"Just like our

travels, PBS has given
us a broader view of
the world."

Sheila and Larry Haney believe that public television gives everyone the chance to explore new worlds. They feel it's important to help keep public television available for future generations. That's why they've included their PBS station in their will.
