FIRST FEDERAL SAVINGS BANK

SAVE RESPONSIBLY

FIRST FEDERAL SAVINGS BANK cares about our community and the environment. That’s why we’re implementing environmentally-friendly building practices in our branch. From the use of recycled materials to water and energy saving devices, it’s easy to see how our commitment is built in.

---

energy efficient exterior glass provides lots of natural light at clear story

solar panels absorb energy from the sun and use it to help power the building

wind turbines

green roof system

green thermal field for heating and cooling

pre-manufactured insulated “straw” panels called “Agriboard” (used behind local Indiana limestone)

permeable pavers for less water run-off

INTERIOR ITEMS
- water reducing plumbing fixtures
- walk-off mat made of recycled tires
- low VOC paints and adhesives
