## A MESSAGE FROM GREG GICZI President and GM, WNIT Public Television

Hello supporters of Michiana PBS!

The *PBS Kids 24/7 Channel* on WNIT is now available! We premiered the channel just a few days ago with WNIT Kids Club members doing a countdown to launch this new service at our annual *WNIT Kids Club Day in the Park*. If you are using an antenna, we're at channel 34.3. Comcast has us on channel 1159, and we're on several other local cable systems.

Why does the *PBS Kids Channel* need to be 24 hours? Research tells us that young children are watching much later into the evening. With WNIT's programming for children ending at 5:30pm on our main channel (WNIT 34.1), we gave kids no option for educationally based programming into the evening and weekends. With PBS stations from Puerto Rico to Guam, it was operationally smart to operate in a 24-hour cycle.

"Summer of Space" is the theme for a July filled with space-related programs. The highlight of which is *Chasing the Moon* being presented Monday July 8<sup>th</sup> – 10<sup>th</sup> at 9pm and then the next three Tuesdays. I'm old enough to remember watching the first landing on the moon. It will be wonderful to learn a lot of the back-story. I also plan to catch Nova series, *The Planets*, starting July 24<sup>th</sup>. It's the "right stuff!"

WNIT is an absolute leader among PBS stations for the amount of local programming we produce. When I share with other managers that we produce 6 weekly local programs plus a number of specials throughout the year, they are impressed. In July and August alone, we have 4 of those local specials coming up. For the past two years we've been following the construction progress of the new aquatic center in Elkhart. On July 22<sup>nd</sup> we will take you on a tour and share the background story on this fabulous world-class facility benefiting our whole region. Watch at 8pm.

An independent producer brings us *The Last Believer*, a story about Berrien County's House of David religious sect and one of its last remaining members. Interesting viewing, July 15<sup>th</sup> at 10pm.

In August, we have two very interesting local special productions. On the 24<sup>th</sup>, you will learn the history and follow the restoration of the 100 year old Studebaker Electrical Fountain. It's currently being re-installed in South Bend's Leeper Park. This story has literally taken our WNIT production team from the east coast, to the south, and to the former gold rush fields of California.

Then, on August 26<sup>th</sup>, we head north to Michigan for *Our Town: Berrien Springs*. Even small towns have great stories and we found some great ones as we produced this documentary. The "Our Town" series is one of WNIT's most popular productions. More details are inside your WNIT *Planner* magazine.

All this great programming -- national, regional and local is because of your support. Thank you! Happy viewing in these last two months of summer.

Best regards,

Greg Giczi  
President & General Manager

## ON THE COVER

### *CHASING THE MOON*

Premieres July 8 at 9pm

As part of the *Summer of Space*, PBS presents “Chasing the Moon,” a film by Robert Stone. “Chasing the Moon” reimagines the race to the moon for a new generation, upending much of the conventional mythology surrounding the effort. The series recasts the Space Age as a fascinating stew of scientific innovation, political calculation, media spectacle, visionary impulses and personal drama. Utilizing a visual feast of previously overlooked and lost archival material — much of which has never before been seen by the public — the film features a diverse cast of characters who played key roles in these historic events.

## **NOVA: APOLLO'S DARING MISSION** TUESDAY, JULY 16 AT 10PM

Apollo astronauts and engineers tell the inside story of Apollo 8, the first manned mission to the moon. The U.S. space program suffered a bitter setback when Apollo 1 ended in a deadly fire during a pre-launch run-through. In disarray and threatened by the prospect of a Soviet Union victory in the space race, NASA decided upon a radical and risky change of plan: turn Apollo 8 from an earth-orbit mission into a daring sprint to the moon while relying on untried new technologies. Suddenly everything hinged on Apollo 8. Fifty years after the historic mission, the Apollo 8 astronauts and engineers recount the feats of engineering that paved the way to the moon.

## **A YEAR IN SPACE** WEDNESDAY, JULY 17 AT 8PM, TUESDAY, JULY 23 AT 10PM

Follow astronaut Scott Kelly's record-breaking 12-month mission on the International Space Station, from launch to landing, as NASA charts the effects of long-duration spaceflight by comparing him to his identical twin on Earth, astronaut Mark Kelly.

## **8 DAYS: TO THE MOON AND BACK** WEDNESDAY, JULY 17 AT 9PM

Join Apollo 11 on its historic journey. The film seamlessly blends mission audio featuring conversations among Neil Armstrong, Buzz Aldrin and Michael Collins with new footage, NASA archive and stunning CGI to recreate the first moon landing.

**DIONNE WARWICK: THEN CAME YOU**  
**SUNDAY, AUGUST 17 AT 7:30PM**  
**TUESDAY, AUGUST 20 AT 8PM**

Celebrate the legendary, Grammy-winning singer and her greatest hits, spanning her roots in gospel, chart-topping partnership with Burt Bacharach and Hal David, and duets with The Spinners, Elton John, Gladys Knight and Stevie Wonder.

⇨ TICKETS FOR THE OCTOBER 5 CONCERT WILL BE AVAILABLE DURING THE PROGRAM.

**LIFE FROM ABOVE: MOVING PLANET**  
**WEDNESDAY, AUGUST 21 AT 9:30PM**

A coproduction between the BBC and PBS, *Life from Above* is an ambitious new 4-part documentary series that provides fascinating and fresh insights into our planet by expanding the range of perspectives from which to look at it. In addition to stunning satellite photography from space, drones were employed to generate footage, while helicopters and cameras on the ground provide more conventional vantage points. Using innovative techniques to illustrate the complex interconnectivity of our planet, *Life from Above* is going for the big picture.

## August 2019 Membership Campaign

WNIT's Membership Campaign begins Saturday, August 17th and runs through Wednesday, September 4th. Our on-air Membership Campaigns remain the most effective way of encouraging viewers to join the WNIT family of supporters. While these drives represent less than two percent of our annual broadcast hours, they do provide WNIT with the majority of revenue required to purchase and produce the regular and local programming enjoyed by everyone throughout northern Indiana and southwestern Michigan.

Remember to check out the diverse line-up of new pledge programming. There's something for everyone! And be sure to tell your family and friends why you think supporting WNIT is important and encourage them to do the same.

*It's Viewers Like You who make a real difference to everyone in our community.*

**THANK YOU for supporting WNIT!**

# PRODUCTION NEWS

## Our Town: Berrien Springs

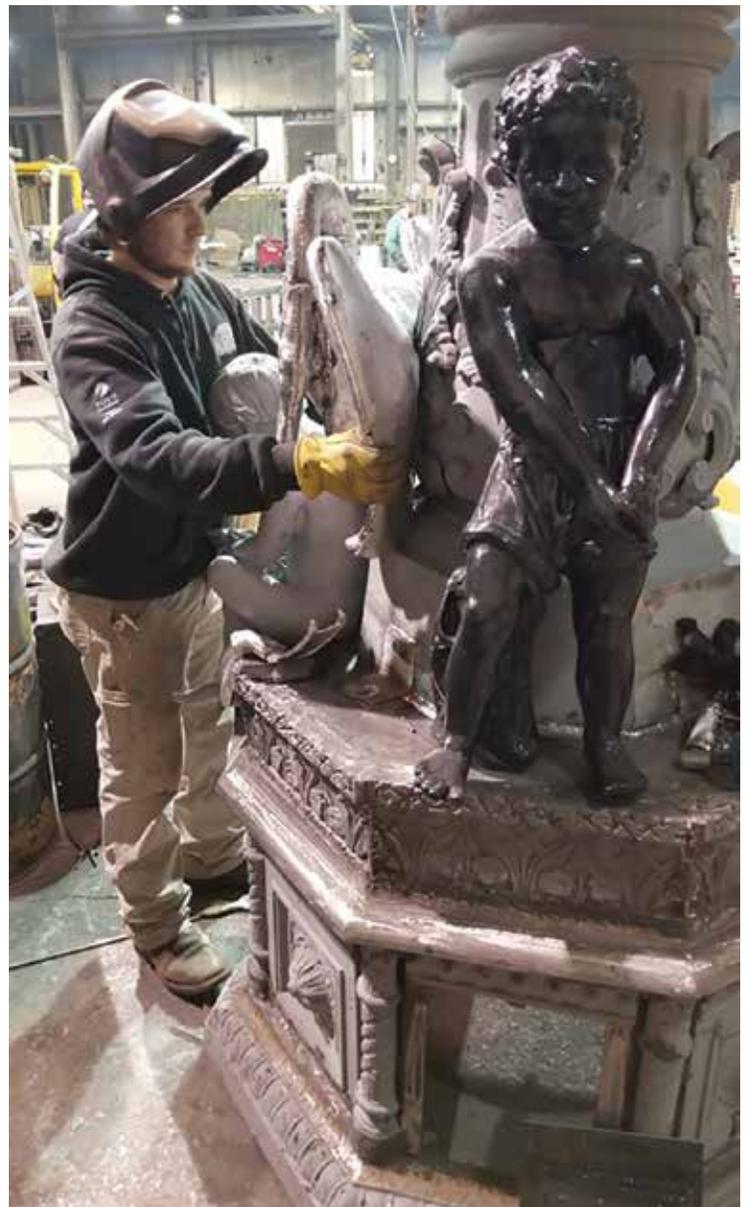

WNIT's *Our Town* series highlights the stories and places that make our local community so unique and vibrant. In *Our Town: Berrien Springs*, join us for an exciting look at the fresh farm markets, beautiful public parks, and smiling faces that make this southwestern Michigan town such a treat. Known best for Andrews University, the village of Berrien Springs combines bustling local business with the peace and serenity of the natural world. As we visit this humble, yet engaging village located just 12 miles from the beaches of Lake Michigan, we will look deeper into the community that calls Berrien Springs home and explore why those who live there are proud to call it "Our Town".

*Our Town: Berrien Springs* will air on WNIT channel 34.1 on Monday, August 26<sup>th</sup> at 8pm and 9:30pm.

## Studebaker Fountain: A Gift of Water & Light

*Studebaker Fountain: A Gift of Water & Light* tells story of a stunning colored light, electric water fountain that John M. Studebaker gifted the city of South Bend in 1906. J.M. Studebaker was one of the original five brothers from the Studebaker Brothers Manufacturing Company that developed wagons then automobiles. This documentary explores the early history of Studebaker and his presentation of the fountain which only stood for 35 years. It was largely forgotten to history and then resurfaced when a family donated an original portion to the local history museum. It follows the fountain's curious journey and the remaking of the gift that symbolizes benevolence, innovation and potential.

*Studebaker Fountain: A Gift of Water & Light* will air on WNIT channel 34.1 on Sunday, August 25<sup>th</sup> at 9pm and Wednesday, August 28<sup>th</sup> at 8pm.

## KATHERINE HUMPHREYS & RALPH KOMASINSKI

It is with great pleasure that this month WNIT recognizes Katie Humphreys and Ralph Komaskinski. They have been Directors' Circle members for 5 years, and Katie serves on WNIT's board of directors. Public television is very important to both Katie and Ralph as they believe it is a means for good, quality information. Katie and Ralph can often be found watching Masterpiece, American Experience or Ken Burns documentaries.

Katie and Ralph both started their careers as teachers. Ralph moved into school administration and then owning his own business, Michiana Moving and Storage. Katie moved on to her Masters in Special Education and her MBA from Notre Dame. She worked as South Bend's city controller, and then went on to work with governors Joe Kernan, Frank O'Bannon and Evan Bayh. The highlight of her career was chairing the Children's Health Insurance Commission under Governor Frank O'Bannon.

Since Ralph has recently sold his company, the two of them can be found traveling, golfing, spending time with their many friends and four grandchildren and serving the community they love. Ralph has served with Reins of Life and on the Logan Center's board of directors while Katie has dedicated her time to serving on WNIT's and the South Bend Museum of Art's board of directors.

WNIT thanks Katie and Ralph for their support of public media and for their contributions to the station and beyond.

## DIRECTORS' CIRCLE

The WNIT Directors' Circle represents a very dedicated and select group of individuals who, by their commitment, contribute to the total annual support which is the foundation of WNIT's operating budget. These essential annual contributions make possible the great programs that everyone in Michiana enjoys.
